Draft TEMPLATE (2014-15)

CENTRE FOR DISASTER MANAGEMENT

HARYANA INSTITUTE OF PUBLIC ADMINISTRATION

GURGAON

Executive Summary:

Disaster Management is one of the most discussed topic these days and hence a lot of effort is put is by government at various level to combat these situations leading to disruption to health life and livelihood. Safety at work place is also a necessary thing, and places like Colleges are more critical for proper functioning of as a part of Education Department. Hence preparedness and planning in colleges is crucial. As administration we are supposed to set example for a culture of safety.

This plan gives roles and responsibility of officers and staff to prepare for their own safety. It stresses on developing our own capacity to handle situation leading to major disruption.

It identifies hazards and related vulnerability so that we can be prepared for known and to have a strategy in place to respond well to the unknown. It emphasis on capacity building of employees working in the College, this would help make College a healthy and safe working environment for all.

1. College Profile

1.1.1 Rationale

This Plan outlines the procedures to be followed in the event of an emergency situation arising at P.I.G. GCW Jind. The plan offers definitions of the terminology used in emergency planning & methods for overcoming the event with the minimum disruption to the college's operations. The plan gives responsibility for the actions needed to those most qualified to carry them out.

1.1.2 Aim of the College Disaster Management Plan

The aim of the CDMP is to:

1. Ensure the health, safety and welfare of all members of the college community both during and after the event.
2. Preserve the emergency scene for investigations by agencies external to the college.
3. Minimize, as far as is practicable, the disruption to normal College activities.
4. Preserve the viability of the college's operations.
5. Support and assist, as far as possible. A speedy return to normal operations.
6. Define an operational structure to manage a disaster and recovery.
7. Define roles and responsibilities within that structure.
